Benton Book Fund — Extract from the will of JOSIAH H. BENTON:

"*Twelfth*: All the rest and residue of my property and estate I give and devise . . . to the TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON . . . and I DIRECT that the same be held and used in the manner following . . .

"*First*: — One-half of the net income of such residue and remainder to be applied by the Trustees of the Public Library of the City of Boston for the purchase of books, maps and other library material of permanent value and benefit for said Library; meaning and intending hereby that such income shall be applied for books desirable for scholarly research and use . . .

" . . . It is my desire that . . . the income given by the Twelfth Clause of my will for the purchase of books, maps and other library material of permanent value and benefit, shall be in addition to the sums appropriated by the City for the maintenance of the Boston Public Library, and that the same shall not be taken into account in any appropriation by the City for that purpose.

"I, therefore, hereby provide that . . . such income as is given by the Twelfth Clause of my will for the purchase of books . . . shall be applied for those purposes only in years when the City appropriates for the maintenance of the Boston Public Library at least three per cent (3 per cent) of the amount available for department expenses from taxes and income in said City.

"In any year when the City does not thus appropriate at least three per cent (3 per cent) of the amount available for department expenses from taxes and income in said City, the income given in said will for the purchase of books shall be paid to the Rector of Trinity Church in the City of Boston to be by him disbursed in relieving the necessities of the poor."

By an Agreement of Compromise entered in the Probate Court of Suffolk County on January 15, 1935, the BENTON BOOK Fund was established " . . . as a permanent fund, the income and interest thereon to be applied annually by the Library Trustees,

without regard to the amounts appropriated by the City of Boston for the maintenance of the Boston Public Library in any year, as follows:—(a) Six-tenths (6/10) of such income is to be applied annually by the Library Trustees for the purchase of books, maps and other library material of permanent value and benefit for said library; meaning and intending hereby that such income shall be applied for books desirable for scholarly research and use; (b) The remaining four-tenths (4/10) of such income is to be paid over annually to the Rector of Trinity Church to be by him disbursed, either directly, or in his discretion, through charitable organizations or agencies, whether incorporated or unincorporated, in relieving the necessities of the poor.” Received in 1936. \$1,109,519.59

“ . . . *Second*: — To hold the other one-half of said residue and remainder as an accumulating fund, the income and interest to be added to the principal and reinvested as principal, until the total amount thereof shall be two million dollars (\$2,000,000). And then I DIRECT such total sum of two million dollars (\$2,000,000) to be applied to the enlargement of the present central library building in Boston, or to the construction of another central library building in such part of the City as may be then most desirable for the accommodation of the people of said City; such new building to be constructed under the advice of the Librarian of the Library at that time in such manner as may be most desirable for efficient practical working of a library therein.” Received in 1936.
